

Fold-Up Double Seat

► For Toyota Hiace H300 Commuter / MB Sprinter Transfer / LDV Deliver 9 Minibus / Ford Transit Minibus / VW Crafter Van / Renault Master Van / Iveco Daily Van

Wheelchair Access (WAV)

Flip-up design

Opens floor space for wheelchair access

Gas-assisted operation

Hand release for easy folding

OEM trim compatibility

Matches factory interior finishes

Single-leg base

Reduced floor obstructions for safer access

Child restraint anchorages

Integrated mounting provision

Robust frame design

Built for long-term durability

Driver (RHS) and Passenger (LHS) seats available

Clever, space-saving seating designed to maximise usable interior room.

Reconfigures interior space to support both passenger seating and wheelchair access when needed. The fold-up design clears valuable floor area quickly, then returns to a secure, compliant seating position just as easily. Gas-assisted operation and hand release simplify day-to-day use, while the single-leg base reduces floor obstructions for safer movement and access. Designed for mobility and campervan builds where space is limited and demands change. Engineered, tested and manufactured in Australia.

Typical Applications

Wheelchair access and campervan conversions for large commercial vans. Fleet use including Maxi-Taxi, community transport, aged care and disability services.

Compliance You Can Trust

ADR COMPLIANCE

5-YEAR WARRANTY

MADE IN AUSTRALIA

INTEGRATED SEATBELTS

FOLD-UP FUNCTION

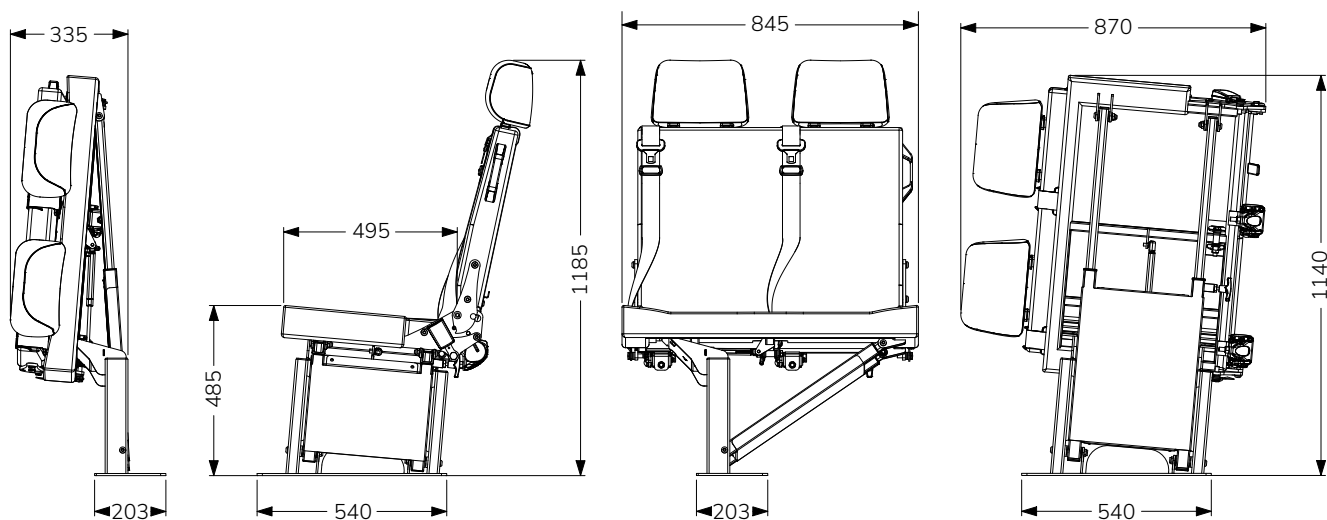

WHEELCHAIR ACCESS

Important

Where wheelchair spaces are incorporated, the modifier and certifier are responsible for ensuring required clearances and compliance.
